Location: Approximately 26 nm SSE of the complex support facility

Type: IIIC

Stage of Construction: Early

The launch site is situated in open terrain adjacent to a cultivated field. Access is by unimproved roads from the NW, NE, and south. The site consists of a U-shaped excavation with a rectangular earth mound on the NW side and a square earth mound on the SE side. Several associated buildings are under construction NE of the site. A single security fence surrounds the area.
